

environmental product guide

A quick reference for sustainability initiatives and material considerations.

Designed to support healthier healthcare environments, many Wieland seating products are free of added flame retardants, PFAS, PVC, and antimicrobial ions while meeting GREENGUARD® certification requirements and ANSI/BIFMA e3-2019 standards. Contact Customer Care for additional information.

understanding the standards

environmental consideration

why it matters

Flame Retardant-Free

Reduces added chemicals of concern

PFAS-Free

Avoids intentionally added stain repellants

PVC-Free

Supports healthier material selections

GREENGUARD®

Certified for low chemical emissions

LEVEL®

Third-party sustainability certification

beyond material selection

Wieland products are thoughtfully designed for long-term durability, cleanability, and renewable construction using carefully selected materials and components. Many components can be replaced or refreshed over time to help extend product life and support long-term use.

1 Excludes customer request for Thermoform options.

Please Note: Since fabrics are chosen by the customer, Wieland's Declaration that products are free from chemicals of concern expressly EXCLUDES upholstery. Wieland will gladly assist in the fabric selection process, assuring that they are free of Flame Retardants, PFAS and PVC, and meet the requirements of CA TB117.

Furniture described herein meets the Healthy Interiors goal of the Safer Chemicals Challenge according to the manufacturer.
